Help The Colored People!

The colored people of Brevard are to be highly commended for their efforts to raise enough money to complete construction of a community center building.

Under the leadership of the Transylvania Colored Community Council, over $1,600 have already been raised for this project and it is estimated that only a thousand dollars more will be needed to assure completion.

To help raise this additional amount, the civic organizations of Brevard are sponsoring a colored high school football game here Friday night. Tickets are now being sold by members of the various sponsoring agencies and this newspaper urges widespread purchase of the tickets.

Two good teams, featuring a number of Brevard players, will participate and the game should be an interesting one to watch. However, regardless of whether or not you are interested in the football game, we urge you to contribute to the colored community building fund by buying tickets to the game.

This worthy project has been underway for a long time and it should be put over immediately. The colored people are doing their part to help themselves and all civic-minded persons should join in and assist them.

Brevard has many fine colored people and they deserve to have a good recreational center.
